

STORMWATER PLANS, LLC.

Got Stormwater? www.stormwaterplans.com

Schedule for - Professional Engineering Services (PES)

Federal Supply Group: 871

SIN: 871 7

Class: R425

Contract Number: GS-10F-0343X

Contract Period: 627/2011 through 6/26/2016

Contractor:	Stormwater Plans, LLC 15832 W Charlotte Dr. Surprise, AZ 85374 0138
Business Size:	Small Business
Telephone:	(623) 544-7305
Extension:	
FAX Number:	(623) 544-5261
Web Site:	www.stormwaterplans.com
E-mail:	bobbylall@stormwaterplans.com
Contract Administration:	Shauvick Lall

CUSTOMER INFORMATION:

- 1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to page numbers: 871-7/7RC
- 1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.
- | | |
|----------------|---------|
| Word Processor | \$45.34 |
|----------------|---------|
- 1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. Pages 4-6
2. **Maximum Order:** \$1,000,000.00
3. **Minimum Order:** \$100.00
4. **Geographic Coverage (delivery Area):** Domestic only
5. **Point(s) of production (city, county, and state or foreign country):** Same as company address
6. **Discount from list prices or statement of net price:** Government net prices (discounts already deducted). See Attachment.

7. **Quantity discounts:** None Offered
8. **Prompt payment terms:** Net 30 days
- 9a. **Notification that Government purchase cards are accepted up to the micro-purchase threshold:** Yes
- 9b. **Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** will accept over \$3,000
10. **Foreign items (list items by country of origin):** None
- 11a. **Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. **Expedited Delivery.** The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor
- 11c. **Overnight and 2-day delivery.** The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor
- 11d. **Urgent Requirements.** The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor
12. **F.O.B Points(s):** Destination
- 13a. **Ordering Address(es):** Same as Contractor
- 13b. **Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).
14. **Payment address(es):** Same as company address
15. **Warranty provision.:** Contractor’s standard commercial warranty.
16. **Export Packing Charges (if applicable):** N/A
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. **Terms and conditions for any other services (if applicable):** N/A

21. List of service and distribution points (if applicable): N/A
22. List of participating dealers (if applicable): N/A
23. Preventive maintenance (if applicable): N/A
- 24a. Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants: N/A
- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor's website or other location.) The EIT standards can be found at: www.Section508.gov/.
25. Data Universal Numbering System (DUNS) number: 02-0736962
26. Notification regarding registration in Central Contractor Registration (CCR) database: Registered

Positions Offered and Prices (per hour)/ Descriptions Below

Word Processor	\$45.34
Clerical	\$54.41
Field Technician	\$58.94
Senior Field Technician	\$63.48
AutoCAD Technician	\$68.01
Designer/Senior Technician	\$72.54
Senior Designer	\$77.08
Professional Staff	\$72.54
Professional Senior Staff	\$81.61
Project Engineer/Scientist/Geologist	\$90.68
Senior Engineer/Scientist/Geologist	\$99.75
Senior Civil Engineer	\$108.82
Associate Engineer/Scientist/Geologist	\$117.88
Principal Engineer/Scientist/Geologist	\$126.95

SCA Matrix		
SCA Eligible Contract, Labor Category	SCA Equivalent Code & Title	WD Number
Senior Field Technician	30040 Civil Engineering Technician	52023
Field Technician	30090 Environmental Technician	52023
Word Processor	01612 Word Processor II	52023
Clerical	01020 Administrative Assistant	52023

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the cited SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix and below. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.

LABOR CATEGORY DESCRIPTIONS

Principal Engineer

- Plans and manages complex, technical engineering projects
- Checks plans and provides quality control
- Conducts cost estimating
- Directs the technical or engineering aspects of project execution
- Schedule, direct, and review the daily work activities of project personnel
- Ensure the safe completion of all work assigned
- Complete assignments to acceptable standards in a timely manner
- 10 years minimum experience

Associate Engineer

- Plans, schedules, coordinates and directs projects
- Acts as liaison with client
- Train and lead others and to observe and critique roadside conditions
- Schedules and runs meetings, is responsible for budget and cost control, quality control and quality assurance and work reviews
- 8 years minimum experience

Sr. Civil Engineer

- Plans and performs engineering research, design development, logistics, installation, operations and recommends corrective actions
- Investigates and resolves technical, scientific, engineering, operation or design issues
- Responsible for major technical/engineering projects of higher complexity
- Coordinates the activities of the Engineers assigned to specific engineering projects
- 5 years minimum experience

Sr. Engineer/Scientist/Geologist

- Provides concept formulation and plans, design analysis and calculations
- Develops technical performance specifications and drawing packages
- Provides task and expense approval, problem solving, and management briefings on work progress and problems
- Ensure that materials, equipment, and procedures used comply with agency standards
- 5 years minimum experience

Project Engineer/Scientist/Geologist

- Responsible for various tasks as requested by Engineer and Senior Engineer or Project Manager related to design, planning, scheduling and drafting
- Create and execute project work plans
- Lead coordination meeting
- 5 years minimum experience

Professional Senior Staff

- Depending on project could be Registered Land Surveyor, Registered Landscape Architect, or Registered Professional Engineer
- Assists technical and engineering staff in various functions related to design, installation and operations
- Documents all phases of contract progress, including material and equipment used, force account work and other pay items
- 5 years minimum experience

Professional Staff

- Completes project drafting and design review
- Collects data and writes reports
- Checks plans and provides quality control
- Provides construction cost estimates
- Construction observation and fieldwork
- 2 years minimum experience

Senior Designer

- Help resolve CAD software issues with users
- Develop CAD Best Practices and Company CAD standards
- Develops and trouble shoots designs for constructability
- Develop and oversee CAD libraries.
- Monitor software updates to ensure that engineering is informed on pertinent upgrades in functionality
- 2 years minimum experience

Designer/Senior Technician

- Develops engineering drawings for construction, fabrication and installation of mechanical, structural and electrical components as required and/or directed by engineers
- Works with red line drawings and engineering notes
- 5 years minimum experience

AutoCAD Technician

- Under limited supervision, prepares preliminary and final drawings, layouts, and designs using computer-aided design techniques based on red line drawings from engineers
- Computer skills include AutoCAD proficiency, Excel and implementation of standards
- 2 years minimum experience

Senior Field Technician

- Extensive knowledge, 5 years experience, in the procedures and techniques of surveying, construction standards, inspection, quality control and/or material analysis
- Monitor earthwork and construction of foundations
- General knowledge of soil types and properties, and concrete and asphalt concrete. Must be familiar with all earthmoving/compaction equipment and their effect on different soil types
- 5 years minimum experience

Field Technician

- Some knowledge of procedures and techniques of surveying, construction standards, inspection, quality control and/or materials analysis
- Proper construction documentation procedures
- Safety practices and procedures

- Operate and maintain a variety of construction, materials testing, and quality control equipment
- Complete work assignments assigned by the supervisor; apply one's self to increase and expand knowledge base at elementary working level
- 2 years minimum experience

Clerical

- Prepares budget proposal, project submittals, proofread proposals and correspondence
- Prepares spreadsheets, reproductions, and does filing
- Answers phones, greets clients, works closely with Project Manager, Project Engineers and other project personnel to insure all administrative tasks are addressed and completed
- Prepares weekly Engineering Status Reports, monitors timesheets and projected budget hours
- Maintains job costing data on all projects
- Prepares accounts payable and documents accounts receivable
- 2 years minimum experience

Word Processor

- Creating electronic versions of hand written field notes and meeting minutes
- Typing correspondence and creating technical documents from engineers notes
- Document coordination, distribution and tracking
- Posting files and drawings to FTP sites
- Tracking, ordering plans/specifications, coordinating walk-thrus
- 2 years minimum experience
